

Mixed-case lettering to begin on NHC/TAFB Tropical Weather Discussion

The Tropical Analysis and Forecast Branch (TAFB) of NOAA's National Hurricane Center will be transitioning to mixed case lettering in its Tropical Weather Discussions (TWD) for both the Atlantic and East Pacific basins effective Sunday, May 15, 2016.

Additional information on the transition of this product and other National Hurricane Center products to mixed case can be found at

http://www.nws.noaa.gov/om/notification/scn16-05mixed_case_twd.htm

The Tropical Weather Discussions are available daily at 0405...1005...1605 and 2205 UTC for the East Pacific basin and 0005...0605...1205 and 1805 UTC for the Atlantic basin.
